## Frequently Asked Questions

### What is the timeline for the party?

We recommend 1 hour for the swim and 1 ½ hour for the restaurant.

### Can we bring our own food/ cake?

You are welcome to bring a birthday cake or cupcakes but no other outside food is permitted.

### Can we update our final choices later?

Yes, if you plan online through our website use the "save and continue" option. If you are making any changes to your order we ask you give the restaurant at least 24 hrs.

### Is a lifeguard provided for the swimming portion of the party?

We do not have a life guard on duty so please provide enough supervision for the children attending your party.

### Do we have to pay for the parents too?

We do not charge for parents supervising the children but if they use the pool the cost is \$8.85 plus hst. You can also check out our "add on menu" to include food for the adults attending the party.
